

Flange Weld Testers

Product: **Flange Weld Tester**

Size Range: **1/2" to 24"** (*Larger sizes on request*)

Pipe Schedule: **Various**

ANSI Rating: 150 - 900 Standard (*Higher on request*)

We offer Flange Weld Testers in different sizes for hire

IK's Flange Weld Testers reduce the cost by carrying out localised pressure testing on new and existing flange welds and pipe components. Each test utilises a minimum amount of water. The body is manufactured from high grade carbon steel. The seals are manufactured from high performance polyurethane elastomer.

General Function & Application

- Incorporates integral safety bypass port
- Tools capable of carrying out horizontal, vertical and inclined applications
- No special tools required
- Easy to install and remove
- Self locating capability
- Suitable for use with most test mediums
- Can be used in a range of pipe schedules
- Instructions & hydrostatic test certificates supplied
